# CAD/CAM ABUTMENTS

Precision Fit. No Micro Gaps. Total Confidence

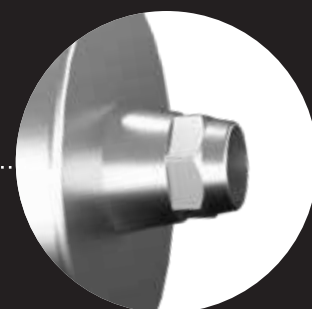

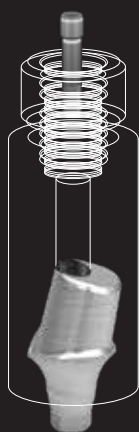

PREXOLID®

# CAD/CAM ABUTMENTS

PREXOLID CAD/CAM ABUTMENTS are pre-milled with ultra-high-precision interfaces to ensure a perfect fit with your implant system—eliminating micro gaps and enhancing long-term stability.

Engineered for **Seamless Implant Connections**

Enhances workflow efficiency

Ultra-precise pre-milled  
Implant Interfaces

## Perfect Sealing

Each abutment is precisely designed to fit its implant perfectly.

## Superior Stability

Ensures a stable and durable long-term connection.

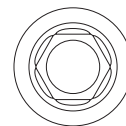

## Premium Materials

Made from premium materials for high performance and biocompatibility.

## Digital Efficiency

Streamlines production with digital design and precision manufacturing.
